

I am writing to ask that the FCC stop Sinclair's attempt to illegally broadcast an anti-Kerry documentary days before the election. This does NOT serve my community and it is clear partisan broadcasting and it is a clear example of the dangers of media consolidation. To maintain any attempt towards democracy, and the integrity of the constitution, this cannot be allowed to proceed.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
